I'm just beginning my aesthetics and skin care journey and I'm so grateful that I found Jessica!! I did a lot of research and Citrus had glowing reviews - for good reason. Firstly, Jessica is such a kind and calming person. She took the time to explain everything, make me feel comfortable and at ease. I'm so excited to see the full results of my treatment. 10/10 experience and I will be recommending to all my friends!

Jessica - A Fantastic Mentor in Aesthetic Business

I recently had the privilege of shadowing Jessica, an Aesthetic Medical Provider, to gain insights into running an Aesthetic Business. From the moment I stepped into her practice, I was greeted with warmth and genuine enthusiasm. Jessica's eagerness to share her knowledge and experience was palpable, and it created an incredibly positive learning environment.

Throughout my time with Jessica, I found her to be exceptionally supportive and encouraging. She went above and beyond to ensure that I understood the intricacies of the aesthetic industry, patiently answering my questions and explaining concepts with clarity. Her willingness to share her expertise surpassed anything I had experienced in my other classes. Learning from Jessica felt like a personal journey rather than a simple educational session.

Monday was my first time at Citrus Aesthetics and I'll definitely be returning! Jessica made me feel at ease and I felt safe. My consultation was probably longer than most but, I never felt rushed or pressured and she listened!! I feel like her pricing is fair especially for how much she has invested in her own training and education. The experience felt more clinical and less retail. I'm really happy I found someone I can trust. I'm excited to start this skin journey with Jessica! I also recommend investing in her skincare line! I bought the lip treatment! It's fabulous!!

Review 6:

Jessica was amazing! She is so personable and really took the time to go over all aspects of skincare with me. It was my first time getting Botox and she made me feel very comfortable. The injections themselves were also virtually painless. I also love that she has appointments later at night to accommodate for difficult work schedules like mine. Overall it was a great experience and I'd definitely recommend her!

Response from the owner 6:

Hello! ♡ 🌟 I'm so happy to hear that you thoroughly enjoyed your appointment. It's important to me that each of my clients understand their treatment and has a comfortable experience. Due to my patient approach, I am able to create what you referred to as a "virtually painless" injection. Here at Citrus, I always try to accommodate varying schedules which is why we are open till 9 PM on Tuesdays. I am glad that we were able to fit your schedule! Kind regards, Jessica Cvetic, PA-C

Review 7:

I went to Citrus Aesthetics for shadowing training with Jessica. If you are a medical practitioner who wants to learn from a knowledgeable, highly-skilled and also just a person with a refreshing vibe to her, with a way of connecting to people around her -- this is the place to go, learn and be inspired! I did not know what to expect, but she welcomed me and allowed me to be involved and learn. Would book another training day with her and yes -- be in her chair to as a patient as well. 😊

Response from the owner 7:

Hello! 🌟♦️ Thank you so much for writing this review and appreciating your experience. I truly love teaching and am thrilled that you were able to enjoy the valuable time during your shadowing experience. You are always welcome to come back for more shadowing and of course, as a client! Kind regards, Jessica Cvetic, PA-C

Review 8:

I first found Citrus via a recommendation from an acquaintance. I then stalked her Instagram before deciding it was Jessica who I wanted to trust with my face! Her informative posts and beautiful, natural results set her apart from other providers in the medspa field.

My initial consultation lived up to all my expectations! Jessica was so knowledgeable and exuded warmth. I felt fully informed of treatment options and completely comfortable. Her rooms are absolutely gorgeous, and she genuinely cares about her clients.

Due to personal health issues, I have not yet been able to proceed with treatment (and oh boy am I disappointed about that!) But even still I have felt supported and valued! I will recommend Jessica to everyone I know.

While coming to write this, I saw how many other lengthy and glowing reviews have been left...this speaks volumes! SO grateful to have found such a wonderful provider, 10/10 recommend!

I had a 5-star, first (ever with any kind of cosmetic procedures) experience with Jessica. Prior to choosing Citrus Aesthetics, I conducted thorough research and found only glowing reviews, which were reflective of the excellent care I received. Her impressive results from previous clients showcased high-quality work, instilling confidence in her abilities while her experience in terms of comprehensive training and emphasis on safety as a medical professional reassured me throughout the process. Jessica was warm and professional, attentive during our consultation, and delivered outstanding results. I highly recommend Jessica and Citrus Aesthetics for beautiful, artistic work.

Review 10:

Jessica is phenomenal at what she does! I have gotten Botox with other providers in the past who were quick to breeze through the appointment and left me feeling like my concerns weren't listened to. That was not the case with Jessica! She listened to my goals and explained all of my options thoroughly, making me feel so comfortable. I decided to get my lips done for the first time as well and I am so happy I did! She really took her time, and the result is amazing! I highly recommend Citrus Aesthetics!!

Response from the owner 10:

Review 11:

I had THE best shadowing experience with Jessica! From the very beginning, Jessica made it a priority to find out what I wanted to get out of the experience, and went out of her way to tailor the day to fit my unique learning objectives. Not only did I get the opportunity to learn aesthetic techniques from one of the best in the field, Jessica also taught me many intangible lessons that I wouldn't be able to learn anywhere else. For example, Jessica went above and beyond by taking time to explain how she runs her business, which is invaluable to me as a first time business owner. Jessica goes out of her way to help others in the aesthetics field thrive in their own practice. She has a genuine interest in seeing others succeed.

Jessica's love for teaching and commitment to helping others in the field is truly unmatched. I cannot recommend highly enough doing a shadowing experience with Jessica at Citrus Aesthetics!

Response from the owner 11:

Aww Linda! Thank you so much for your extremely complimentary review. Educating fellow entrepreneurs and clients is truly my passion. Thank you for appreciating my exceptional shadowing opportunity and recognizing the importance of the time I give to each client. Part of becoming a successful business is building trust within my clients and business community and I am so glad I could help welcome you to both. Kind regards, Jessica Cvetic PA-C

Hello. This was my first time visiting Jessica. I understand now why the consultation was scheduled for one hour. Jessica took the time listening to my previous traumatizing experience and was very empathetic and made me feel heard. She asked many questions to get a clear understanding of what was most important to me to have improved and laid out a few options along with pricing. (Btw she has financing available as well 😊)

She scheduled me a few days later. Again for an hour plus because providing you with an amazing experience is very important to her. I had a mirror handy during the entire procedure and was asked to give my feedback often to ensure we were on the same page. At one point I did feel a little light headed

and within seconds she was back with carrots, pistachios and a hand held fan 🌸
The procedure was essentially painless and I am thrilled with my results 😊
I would highly recommend Jessica for any of your cosmetic needs but especially if you have had a poor experience previously and are looking for a provider that is knowledgeable but also a compassionate human.
Keep spreading your amazing energy and talent Jessica!

Phenomenal Results and Exceptional Service

I recently had the pleasure of visiting Citrus Esthetic in San Diego for an injectable treatment, and I can confidently say that Jessica is the best medical Aesthetic I have ever encountered. Her level of expertise, attentiveness, and dedication to understanding my needs surpassed all my expectations.

From the moment I stepped into the clinic, I was greeted with a warm and welcoming atmosphere. The staff at Citrus Esthetic were professional, friendly, and ensured that I felt comfortable throughout my entire visit. However, it was Jessica's exceptional skills and knowledge that truly set her apart.

During the initial consultation, Jessica took the time to thoroughly understand my concerns and desired outcome. Her ability to listen attentively and ask pertinent questions allowed her to grasp exactly what I was looking for. She provided valuable insights, explaining the different options available and their potential effects, ensuring that I was well-informed before making any decisions.

When it came time for the treatment, Jessica's expertise shone through. She exhibited a steady hand and a keen eye for detail, carefully administering the injections with precision and skill. Her technique was virtually painless, and she took the time to ensure my comfort throughout the entire process.

The results were simply astounding. Jessica's understanding of facial anatomy and her ability to customize the treatment to my specific needs resulted in a natural, refreshed appearance. I couldn't be happier with the outcome. The subtle enhancements she made have boosted my confidence and made me feel more like myself, only better.

Beyond her technical proficiency, Jessica's caring and compassionate nature truly made the experience unforgettable. She made herself available to address any concerns or questions I had post-treatment, providing valuable advice and ensuring my satisfaction with the results.

Review 26:**Beware of product::**

Product doesn't work, contacted her to let her know my doctor advised me to stop Using this product as it was making my face itch, break out in a rash, and puffy ness. Jessica advised to still use it but not everyday. Used it 2 days all 4 of her products took over. A week for my face to heal properly. Way over priced and doesn't work.. waste of money. Should have samples to try.

Response from the owner 26:

Hi! I am, again, so sorry to hear this! All of the Citrus Skin Care line is high-quality medical grade products but you are correct that sometimes different skin types can have some sensitivities, although this is quite rare but I'm so sorry it happened to you. My clients are always so happy with the great improvement they see with the health of their skin and overall skin glow after using the Citrus Skin Care line. Sometimes, depending on a person's skin type, Retinol or some of the products can cause irritation and don't always need to be used every day, so decreasing the amount of days can help! However, if there is still irritation I always recommend discontinuing the products. I also support the advice and recommendations of other medical professionals in the field and I am so glad that you also had your other provider as help and guidance! Thank you so much for the update and all the best to you! 💖 ☺ Kind regards, Jessica Cvetic, PA-C

Review 32:

I found Citrus Aesthetics by chance on Instagram and decided to do some research and see if it was a place for me. I felt confident enough to go try it at least once and I am so glad I did.

Jessica, is wonderful, inviting, professional and most important knowledgeable. She explained to me the different types of botulinum toxin she uses and together we picked the one that was best for me (she studies your face in detail) so that you can get the best outcome.

I also had other things I wanted to address as I was seeing signs of aging (I am 50) Jessica again looked at my face and we came up with a plan. Jessica is patient, explains everything to you and answers your questions at no time do you feel rush. If you have any questions or concerns after your procedure she will respond to you in no time.

This review is lengthy, but I wanted to capture everything so that you can feel at ease when seeing Jessica for the first time. I am beyond lucky to have found her and trust her with my aesthetic needs.

Response from the owner 32:

Wow!! 😊 Thank you, thank you, thank you!!! This is exactly what I aim to create for every client and you captured it perfectly! I am so pleased to know that Citrus was able to make you feel welcomed, educated, and confident. Thank you for appreciating my business and giving Citrus a chance! And of course, thank you for taking the time to write such a thoughtful review. ♡ ☺ 🌟 Kind regards, Jessica Cvetic PA-C

Review 33:

I'm a first timer to skin care services. When I walked in I was offered way more services and product than I expected. It was amazing. Jessica took the time to explain everything in detail and gave me options. She let me sample every single one of her products, which smell amazing and feel like silk. With the financing option available I was able to go home with a full product line which my skin LOVES!!!! And I opted for the Dysport to get rid of my deep forehead wrinkles. I also purchased Upneeq eye drops that lift my lids and take ALL of the red out of my eyes. I used to get comments almost daily asking if I was sick or tired. Since using the drops I haven't gotten that comment once!!! I was so depressed every time I looked in the mirror and now I absolutely love my skin thanks to the combo of product and services Jessica recommend. I don't even want to wear make up most of the time I'm loving it so much. I'm very much looking forward to working with Jessica and Citrus to get to my 100 goal of having beautiful skin again.

Review 34:

This was my first time getting any sort of injections so I wanted to make sure I went to someone medically trained. I've also got fairly sensitive skin so liked that Jessica had a few options other than Botox. She talked me through a wide variety of options and eventually recommended Xeomin. The process was pretty painless, and she made me comfortable the entire time. With that said though, I am horrible with needles and had a brief fainting spell that she handled so well. Her medical training immediately kicked in. It's been a couple of days now, and I'm loving the look I'm seeing on my forehead. Will definitely be back!

Response from the owner 34:

Review 40:

This was my first time getting a Botox treatment. Jessica was very knowledgeable, took her time to explain the procedure, potential side affects and after care. She set realistic expectations and made me feel comfortable. Injections were not at all painful (my discomfort level was at 1 out of 10). I did not have any bruising and my face looks natural! It was a great experience!

Review 42:

It's simple.....Jessica is a facial artist! Not only is she THE most professional & competent injector I have EVER been to, she has the personality to boot! She's absolutely lovely & takes her time to really listen to YOUR goals, do a thorough evaluation, & then come up with a plan that you're both pleased with & feel is attainable. She's never in a rush & has the hand of a fine artist....it's truly a gift! If you've had a bad experience elsewhere or feel that you're afraid you won't look like yourself anymore, DON'T! She has such a natural approach & it just feels like you still look like yourself but with the clock rolled back some years! GO SEE HER! You will NOT regret it & you'll never go to another injector again. You have your hair person & nail person. SHE will be your facial person!

Review 44:

I'm super late in writing this, but didn't want to go without saying how great Jessica is at her job. I'm sporadic with getting injectables but wanted to give Dysport a try vs Botox. I have to say, Jessica is the most thorough and precise injector I've ever been to. She really takes the time to customize the experience to your specific needs, which is amazing. I also had hyaluronic filler under my eyes. I'm a crazy insomniac and have hollows under my eyes (and wrinkles) so wanted to give this a try. Not sure I'd do it again. Not an issue with Jessica--she did a great job, the treatment just didn't give me the result I was looking for (and it's the most uncomfortable procedure I've had done). Not everything works the same for everyone so it's good to have realistic expectations. The Dysport worked great! Better than Botox for me, I think. And Jessica is professional, kind, and you can tell this is an art for her. You will love her.

Review 46:

Jessica is an AMAZING injector. I had the pleasure of shadowing with her for aesthetic training and it was great to learn from an injector who is extremely thorough and patient with her clients. She took the time to educate and recommend the best treatment plan to her clients. She did amazing PDO threads that looked lifting but natural. She was also very knowledgeable with her facial anatomy for neurotoxins and fillers. I learned a ton from her and can't wait to go back! It's great to see an injector who actually cares about client results. I would highly recommend her for any aesthetic procedures.

Jessica is an incredible professional who truly understands my needs and concerns, especially when it comes to neurotoxin injections. I've never had anyone as skilled as her before. She prioritizes achieving my long-term goals and never rushes me out the door with mediocre results. Unlike other places, Jessica takes the time to listen and cater to my specific requests rather than pushing her own agenda. She also isn't afraid to speak up if she thinks I'm making a mistake or suggesting an unnecessary service. It's evident that she cares deeply about her patients and their well-being. I leave her office feeling satisfied and thankful for the exceptional care that she provides.

Review 51:

Very calming atmosphere. Jessica was clearly very experienced. Never had a session where there was relatively no pain. The last few times with other places I had some bruising and pain at the injection site immediately after. With her it did not swell and I didn't even need numbing cream or ice after. She clearly knows what she is doing! She was very precise and saw her using proper nursing protocols with her service that some other clinics have lacked. Can't wait to see results fully kick in. Would recommend and return!

Review 53:

Jessica is the best! I was nervous about seeing someone new for the first time, and she was nothing less than fantastic. She really listened to all my concerns, ranging from what I was there for that day, and also quoted me on some things I want to do down the line. She wasn't at all pushy, and provided a lot of education in regards to my skin issues and my daily/nightly skin routine. She gave gentle suggestions, and her price was more than reasonable. I'll be returning to her from now on, thank you Jessica! ❤️

It's rare to experience such integrity and honesty in a medical professional.. so caring and knowledgeable. I'm looking very forward to my next visit with Jessica!

I just had initial consultation with Jessica earlier today at Citrus Aesthetic and it was great!!!She's amazing and addresses all my skin needs. She seemed knowledgeable and well experienced and understood my needs and suggested a few things that i could do to improve the dullness of my skin. I'm very picky when it come to my face and body. I did my researched and found her through social media. I came here 6 months ago and got my very first Dysport it's similar to Botox. I liked the result and decided to come back. I would definitely refer my friends or anyone who's interested. I'm excited to booked my next appt and will update my review after. 😊

Review 72:

I properly scheduled my appointment online and showed up on time to my appointment. To my surprise, the door was locked and no one inside to open. Rang the doorbell for about 15 minutes, also called and texted until I gave up and left. Luckily, SD Botox in Mission Valley was nice enough to fit me into their schedule since I had already taken the time off work. I am grateful to Citrus Aesthetics because thanks to being stood up by them, I met SD Botox which is amazing and extremely professional. Cherry on the top to this story is that I received an email from Citrus Aesthetics about an hour later thanking me for my visit!!! SMH.

Response from the owner 72:

Hello! Thank you so much for your feedback! I always try to make every visit for all of my clients exceptional from the start and I am so sorry that your experience ended up being this way. I send out texts prior to all of my client's appointments with specific instructions with how to get to Citrus. I really apologize that there was some kind of misunderstanding that you did not end up receiving these crucial instructions to make your visit as smooth as possible! I am so glad that you ended up finding a wonderful aesthetic provider at another business close to you in Mission Valley. Wishing you all the best! Kind regards, Jessica Cvetic, PA

Review 75:

I have to say Jessica is Amazing! I have not had any procedure ever and I am coming up on my 56th birthday. I see the aging process happening and I'm feeling like I need to do something to refresh my skin and facial features. A friend of mine had a procedure with Jessica and looks amazing. I followed her Facebook page Citrus Aesthetics for a while before making my decision to trust someone with my face and seeing all of the amazing beautiful results her clients have had I booked my free consultation appointment! . I have to say all the reviews say exactly how I felt, she put me at ease and explained all the types of treatments and what she felt would work best for what I want to achieve. I can't wait to see the progress of my before and after pictures.

Thank you so much Jessica. :)

Review 77:

I went to Jessica for the first time today as a referral from a friend. I saw her for dysport as well as lip filler. After a very detailed consult of my goals she informed me I would get the best result if I dissolved old filler from another provider that was uneven and not the look I desired. I will be back in two weeks for my new lips ! She made me feel very comfortable during the entire procedure and was more informative and detailed than any provider I have ever seen. Im excited to see her again in two weeks for my new lips !

Hi Sara! Thank you very much for coming into Citrus Aesthetics for Dysport and lip filler and for the wonderful review of your experience with me! I appreciate you trusting the process with me because I really want to get the best results for your lips! Sometimes it's hard expecting to be able to come to get your lips done on the day of your appointment and then having to wait, but in some cases like yours it really is best to dissolve the previous filler first and then start from fresh to get you the most beautiful and natural results! It will be worth the wait and I cannot wait to see the amazing result I can get you! 🌟 ❤️

Really looking forward to seeing you again soon! Kind regards, Jessica Cvetic, PA-C

Review 86:

I made an appointment with Jessica for my first neurotoxin injections ever. I found her services on Instagram, she was offering a new client discount. I decided to go with Xeomin, and even though I did my research prior to my appt, Jessica still explained the differences of the 3 different types of neurotoxins to ensure I was making an accurate educated decision. I appreciated Jessica acknowledging the new client discount right away so I didn't have to bring it up. Together we decided how many units and where I'd get them. We did the math to be clear on the price of this appointment, once I confirmed, she began. The process was quick, hurt a little more than I anticipated, but not as a result of her technique and nothing I couldn't breathe deeply through. Overall, it was a great service and I'm excited to see how my faces changes once the Xeomin starts to work its magic.

Response from the owner 86:

Review 103:

Today was my 2nd visit with Jessica. The first time I got Botox and a cheek filler (I don't remember the name of the filler) and today I went back for PDO thread lifts! I am very afraid of needles and Jessica was very careful and made me feel calm during the whole process. The results can be seen right after the procedure is complete and I noticed a night and day difference but subtle at the same time. I'm very impressed by her work and can't wait to go back for more. I highly recommend her for anyone especially if you are afraid of any type of procedures no matter what your age is or goals.

I was referred to Jessica via a coworker who is another medical professional. She told me how warm, fun, easy going, and most importantly....well trained and educated she is in her field. I was someone who was against botox initially, but after seeing the wrinkles starting to set in deeper over time, I reluctantly caved and decided to go for it. I am so glad I choose Jessica and Citrus Aesthetics. She answered all my questions thoroughly and made it a lot less scary.

Review 109:

I went in to see Jessica because I saw a special she had for Botox. I was able to get in very quickly. At my first appointment she explained the many different services she provided and with that I was very interested in the non-surgical face lift or PDO Threading. She explained how it worked and went through all the training she had done with doctors and other specialists. I went through with the procedure. She kept me very comfortable. I went to get my hair done shortly after and my hairdresser asked what I had been doing lately because she thought I looked great. She even thought I had lost weight. My son came to visit from MN and told me CA must really agree with me because I was looking younger. I would recommend Jessica if you are thinking of this procedure or Botox. I have not had other treatments but when I do I know where I will be going.

Hi Stacy, it has been such a pleasure having you as a client and getting to know your specific goals for treatment. Review 113:

Jessica is amazing, I live in Northern California, I come to San Diego for business and her special showed up on Facebook, and she fit me in the day before I returned home, I am so excited to have met with her, always wanted to do Botox but nervous, she worked with me and we did a few different treatments, I go back next month , can't wait to get next treatment, make that appointment you won't be disappointed!!

Thank you Jessica ❤️ 🙏

Response from the owner 113:

Hi Debbie! How lucky I feel to have gotten the perfect timing for you to come into Citrus Aesthetics from out of town! Thank you for being a wonderful client ❤️ Can't wait to hear how much you loved your botox. Doesn't it make you feel so fresh and young?! I'm grateful you chose Citrus for your first Botox appointment and can't wait to see you again soon ✨ Kind regards, Jessica Cvetic, PA-C

Review 114:

I initially went in for a consultation with Jessica and ended up getting a Botox brow lift with her. She was thorough in her evaluation of my concerns and what she thought would be best for me. What I appreciated most was her candor in terms of the Botox placements I had thought that I wanted but wouldn't actually be ideal for what I was looking to achieve. This allowed me to trust Jessica's professional opinions and know that she truly has my best interests at heart. We also discussed the usage of fillers to address the darkness/shadowing underneath my eyes and I was pleased to hear about other options aside from filler (or that could be used in combination with filler) that may actually prove to be more beneficial than filler alone. Her articulation of the different modalities available to me was refreshing as I wasn't aware of anything aside from dermal filler to treat the under eye area. I'll now be going back to her for PRP treatment =). She's equal parts knowledgeable, straightforward and humorous - the most important qualities I look for in an injector. I look forward to making her an ongoing member of my glam squad 😊
